

New Story Newsletter Summer, 2018

Cornelia Parkes, Editor

SUMMER IS A TIME FOR READING, RELAXING, AND WATCHING VIDEOS

This is what we plan to do. The next three New Story meetings at Friends Meeting at Cambridge will be

Monday, July 23 – Watch Part I of *Symbiotic Earth: How Lynn Margulis rocked the boat and started a scientific revolution*

Monday, August 27 – Watch Part II of *Symbiotic Earth: How Lynn Margulis rocked the boat and started a scientific revolution*

Monday, September 24 – Discuss *Integrity, Ecology, and Community: The Motion of Love*, by Jennie Ratcliff. Pendle Hill pamphlet #403, 2009, 28 pages. Also at <https://fmcquaker.org/wp-content/uploads/2018/07/Integrity-Ecology-and-Community.pdf> and on the New Story webpage <https://fmcquaker.org/outreach/new-story/>

Programs start at 7:00 pm, but come at 6:30 pm for a brown bag supper and (ice) tea.

We watched *Symbiotic Earth* at the New Story retreat in West Falmouth, June 15-17, and liked it so much that we want to see it again and share this experience with you, this time with pauses for explanations and discussions of how Margulis's amazing insights impact the New Story.

And, we read Jennie Ratcliff's Pendle Hill pamphlet together a few years ago, but were so impressed with her groundedness that it seemed only right to start the new year by reading it again. I hope you are also inspired by it!
